

Application for membership

Member name:
(individual or organisation)

Address:

Suburb:..... Postcode:.....

Contact name:.....
(if different to member name)

Email:
(please print clearly)

Phone:..... Mobile:

I wish to be a: (tick one, all prices per annum including GST)

Corporate member \$1925

Ordinary member Individual or small organisation \$550

Larger organisation* \$1100

* Larger organisations are those with 4 or more employees working on solar.

How to pay:

Direct debit monthly payment: download form from tasrenew.org.au/join

Post a cheque with the above form to: Tasmanian Renewable Energy Alliance Inc.
221 Main Rd, Derwent Park TAS 7009

Email the above details to membership@tasrenew.org.au and make a direct deposit to our bank account: BSB: 633-000 (Bendigo Bank), account: 150526713, account name: Tasmanian Renewable Energy Alliance Inc. **Make sure you include your name as the reference on the direct deposit.**

Invoice: If you require an invoice before paying, please email or post the above information and we will post you a Tax Invoice.

Tasmanian Renewable Energy Alliance

ensuring quality renewable energy

The Tasmanian Renewable Energy Alliance:

- Provides a united voice for the renewable energy industry in dealing with government and regulatory agencies.
- Provides services to members that assist them to conduct their business in an efficient and cost effective manner.
- Promotes the use of renewable energy in Tasmania.
- Provides independent advice to the public to assist Tasmanians to obtain high quality renewable energy systems from reputable local suppliers.

Tasmania's renewable energy potential

Tasmania has a strong reputation in renewable energy and has the cleanest electricity supply in Australia. The rapid growth in solar PV is building on our traditional strengths in hydro and utility scale wind farms. Emerging technologies, including small scale wind and hydro and energy storage systems, have the potential to contribute to the transformation of our electricity industry.

TasNetworks, Aurora Energy, the Economic Regulator and regulatory agencies as well as with relevant Ministerial offices.

Benefits

Your support for TREA will strengthen our voice with government. As a member you will be consulted on regulatory changes. Our education and professional development program will keep you up to date with industry developments and issues that are specific to Tasmania. We work with the Clean Energy Council to organise CPD events that are locally based and relevant that will allow you to meet your professional development obligations without having to travel to the mainland. We also organise discounts for members with suppliers.

Contact us

For more information visit our website at www.tasrenew.org.au, email info@tasrenew.org.au or contact our Executive Officer Jack Gilding on (0407) 486-651.

TREA promotes the economic development and job creation potential of the Tasmanian renewable energy industry.

Challenges facing the industry

Changing regulatory requirements are a constant in the solar industry. Since our incorporation in October 2013 we have dealt with issues such as feed-in tariff changes, new building regulations guidelines, new planning schemes, network overvoltage situations and metering issues that affect solar PV.

A cooperative approach

We have established TREA to provide a distinctively Tasmanian voice, while working cooperatively with national organisations including the Clean Energy Council. We have established close working relationships with

Tasmanian Renewable Energy Alliance Inc. is a Tasmanian Incorporated Association, Incorporation number IA11424
